

# Week Nine Meeting Log

## AI Tutor

Spencer Thompson | Landon Towers

10/19/2025

| What have you done since last team meeting?

- I fixed a lot of issues regarding the local development environment. We are using docker and docker compose for development and deployment, so I just cloned down the repository and fixed a lot of issues regarding the local environment.
- I successfully managed to migrate from gpt-4o to gpt-5 which was a rather large refactor/addition.

| What obstacles are you encountering?

- Getting the local development environment is still not working which is quite frustrating.

| What do you plan to accomplish by the next team meeting?
